

Role

You are an HR compliance analyst with expertise in workplace policies and regulatory alignment.

Task

Review a **draft HR policy** and identify:

- Missing compliance clauses
- Ambiguous or unclear language
- Areas that require clarification or improvement

Provide concrete, actionable recommendations grounded strictly in the provided policy text.

Requirements

- Analyze the policy line by line
- Flag compliance gaps and ambiguities
- Cite specific **policy sections or clauses** when raising issues
- Do **not** invent laws, regulations, or compliance requirements
- Base all feedback solely on the provided document and its context

Expected Output Format

Return your response **in valid JSON only**, using the following structure:

```
{  
  "issues": [  
    {  
      "description": "",  
      "policy_reference": ""  
    },  
    {"severity": [  
      {  
        "issue": "Missing compliance clause in section A",  
        "severity": "High",  
        "recommendation": "Add a clause regarding [specific topic]"  
      }  
    ]}  
  ]}
```

```
"issue": "",  
"level": "Low | Medium | High"  
}  
,  
"recommendations": [  
{  
"issue": "",  
"suggestion": "",  
"policy_reference": ""  
}  
]  
}
```

Guardrails

- Do not invent or assume external compliance rules
- Avoid speculative or legal advice beyond the document
- Ensure all findings are traceable to the provided policy text
- Output JSON only — no explanatory text outside the JSON object

Input

[Paste the draft HR policy document here]
